A Splendid Entertainer

On the east side of the square the "Scenic" has been entertaining large audiences every evening in a very enjoyable manner for many months and yet many Marshall people are ignorant of the character and purpose of the enterprise. The business was established last summer by W. C. Wise, an able young business man of St. Louis, and is for the purpose of entertaining the public with moving pictures and he is succeeding very nicely. A splendid program, changed three times a week, is carried out each evening except Sunday. The admission price is only 10 cents, which seems very low for a splendid evening's entertainment. The performances are clean and instructive and we trust those of our readers who have been timid about patronizing the place will give Mr. Wise a visit and their hearty support and thus secure for Marshall a permanent place of amusement that is clean and moderate in price.

Prohibition Ticket Sure.

Kansas City, Mo., Feb. 15—Missouri Prohibitionists intend to put an entire state ticket in the field this year. In a statement issued here today Chas. E. Stokes, chairman of the State Committee, says:

"I have been frequently asked within the last few weeks what would be the probable action of the Prohibition party in Missouri this year, in reference to the nomination of the state ticket, if the candidates of the old parties announce themselves as favorable to the submission of a prohibition constitutional amendment. In reply, I would emphatically state that the Prohibition party of Missouri will place a complete state ticket, before the people at the general primary in August."
